Statement on execution of four political prisoners - Ko Kyaw Min Yu, Ko Phyo Zeya Taw, Ko Aung Thura Zaw and Ko Hla Myo Aung by the brutal military junta

1. The Committee Representing Pyidaungsu Hluttaw was shocked by the SAC's media that four political prisoners - Ko Kyaw Min Yu, also known as Ko Jimmy, Ko Phyo Zeya Thaw, Ko Hla Myo Aung and Ko Aung Thura Zaw were executed by the illegal military junta and express our deepest condolences to their families and the citizens.
2. The terrorist military led by murder leader Min Aung Hlaing is the only terrorist group who unlawfully seized state power in a coup with arms power. They are systematically committing such kind of inhumane torture and murder by using arms power which was brought with the tax money of the citizens. Especially, the international community needs to support the people of Myanmar who are fighting against the brutal junta to protect democracy.
3. We strongly call the international community to impose effective diplomatic and economic pressure without any cooperation together with the terrorist murder group which prolongs their lives. The response of the international community will definitely save many lives of the people of Myanmar and this proves how the world's states value the democracy.
4. We, the Committee Representing Pyidaungsu Hluttaw, strongly condemn the execution of four democracy activists including Ko Kyaw Min Yu and Ko Phyo Zeya Thaw who defended democracy and will continue our efforts together with the citizens to take action and make punishment to the terrorist military group led by murder leader Min Aung Hlaing for the crimes they committed.
